Please find below and/or attached an Office communication concerning this application or proceeding.

1. The reply filed on 1-5-05 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

a) Claim 64 is improper under 37 C.F.R. 1.121 because *text of the prior version of claim 64 was deleted from this claim **without the appropriate markings to show the deletion***. The prior version of claim 64 had "A. enabling a user using a client computer to remotely via a computing network access a server computer associated with the computing device" which has been deleted from the current claim 64 without the appropriate markings to show the deletion. Appropriate correction is required.

b) Claims 12-38 and 40-44 are improper under 37 C.F.R. 1.121 because each of these grouping of claims do not have the appropriate status identifier "(cancelled)" after the claim numbers. For example, the Applicant indicated "Please cancel claims 12-38" however under 37 C.F.R. 1.121 the cancellation of claims 12-38 should be indicated as "Claims 12-38 (cancelled)". Appropriate correction is required.

c) The Applicant has labeled the substitute specification as Exhibits A and B. However, as Exhibits are usually associated with the submission of affidavits such as under 37 C.F.R. 1.131 or 1.132 this has resulted in mislabeling of these Exhibits in the image file wrapper as affidavits and thus one possible way to correct this is on the cover sheets of any resubmitted substitute specification to indicate which is the clean version of the substitute specification and which is the marked-up version of the substitute specification. In addition, in various locations

of the substitute specification, are what appear to be typographical errors in which the space between words have been left out such as for example page 1 where it states "CROSS-REFERENCETORELATEDAPPLICATION", page 5 where it states "DETAILEDDESCRIPTION", etc. This same type of problem also occurs in the claims such as for example, claim 3, line 6, where it states "evaporatordata". Appropriate correction is required.

2. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hal D. Wachsman whose telephone number is 571-272-2225. The examiner can normally be reached on Monday to Friday 7:00 A.M. to 4:30 P.M..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Marc Hoff can be reached on 571-272-2216. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
